<b>Light Source</b>		18 LEDs
<b>Colors</b>		Red, White, Blue, Yellow
<b>Brightness</b>		Up to 500 lumens
<b>Size (cm)</b>		6.98W x 4.76L x 2.54H
<b>Weight</b>		3.25oz; 92.4g
<b>Battery</b>	Type	Lithium Polymer Battery
	Capacity	1200mAh / 4.4Wh
	Charging Time	Less than 8hrs
	Nominal Voltage	3.7V
	Certification	UN38.3
	Battery Life hour (per charge)	Varies based on brightness setting
	Battery Life (Life cycle)	1500 – 3000 cycles
<b>Power</b>	Input voltage	5V via micro USB connector
	Power consumption (W)	Normal I/P Voltage DC 3.7V
<b>Casing</b>	Material	Polycarbonate, ABS, Rubber
	IP rating	Pending IP68 Rating
	Flammability Rating	UL 746B, UL94
<b>Mounting</b>		Neodymium iron boron Grade NB42 magnets
<b>Environment</b>	Operational Temp. & Humidity	-40C°-65.56C
	Storage Temp. & Humidity	20-25C°

### FIRST RESPONDER'S

This wearable safety light is already trusted by thousands of first responders across the world, because it offers the features their job demands and delivers the peace of mind these brave individuals deserve.

### CONSTRUCTION SAFETY

Visibility on job sites can be the difference between life and death. Our wearable safety light is virtually indestructible and waterproof to handle any damage a job site can dish out. The various lighting settings allow you to be seen by your team and just as importantly, everyone else.

### PERSONAL SAFETY LIGHT

Regardless of how you enjoy the outdoors – running, boating, skiing, hiking ... anything, the Elite Series is a trusted travel companion that keeps you visible, lights your way and guides you home safely after dark.
